**ABOUT GREYSTONE MANSION & GARDENS: THE DOHENY ESTATE**

Architect Gordon B. Kaufman began building Greystone for the Doheny family in 1927. The estate was bought by several families after the Doheny family, and in 1965 it was purchased by the City of Beverly Hills and serves as a dedicated public park today. The 46,000-square-foot estate, with formal gardens on 18.5 manicured acres, is situated in Trousdale Estates above famed Sunset Boulevard. Friends of Greystone, a non-profit organization, is dedicated to the preservation and restoration of the historic Greystone estate through its fundraising efforts. The property continues to receive lasting improvements and working capital to help preserve its status as one of the great houses in America.
