**BID ADDENDUM NO. 2**

**ADDENDUM No. 2** for the above referenced project hereby modifies the bid documents and provides clarification in the bid document as follows:

1. The fire flow testing scope of work as stated in the RFP is subject to prevailing wage. The classification falls under the fire sprinklers work classification.
2. The third person needed for traffic control shall be utilized on an as-needed basis to provide as-needed traffic control.
3. During the performance of the work, the contractor shall maintain the required online web-based and/or cloud-based database. The online web-based database shall be handed over to the city including any software licenses upon completion of the work. Common software platforms include MS Word or Excel file formats.

The bidder shall sign and attach this addendum to his/her proposal package.

Attach this Addendum No. 2 to your proposal and submit at the time of bid.
